- DevOps: GIT, Jenkins
- Testing: Karma & Jasmine

EXPERIENCE

Senior Software Engineer

Krista AI Aug 2024 - Present

Senior Software Engineer

Larsen and Toubro Ltd. Sep 2021 - Aug 2024

Lead Engineer

HCL Technologies Apr 2020 - Jul 2021

Front-end Developer

Vodafone Idea Ltd. Pune Jun 2017 - Apr 2020

PROJECTS

Krista - Agentic Platform for Your Entire Enterprise

Senior Software Engineer Aug 2024 - Present

Angular, React, Node.js, Microfrontend, AWS, Azure, Security, AI-assisted Development

- Led the **migration of a production chatbot from React to Angular**, leveraging **agentic AI-assisted development** to accelerate delivery while maintaining code quality and architectural consistency.
- **Improved application performance and SEO** by applying modern frontend best practices, resulting in **90+ Google Lighthouse scores** across Performance, Accessibility, Best Practices, and SEO.
- Designed and implemented **application-level security enhancements** for the Krista platform, improving protection against common web vulnerabilities and strengthening overall system reliability.
- **Redesigned and transformed the entire application UI**, delivering a modern, scalable, and user-friendly interface aligned with UX best practices.
- Built a **reusable UI toolkit / component library**, enabling consistent design and faster development across multiple projects and teams.
- Followed **clean code principles, modular architecture, and unit testing practices**, ensuring maintainability and long-term scalability of the codebase.

Unitrax - SaaS Solution for Banking and Finance Industry

Front end Developer Sep 2023 - Aug 2024

- Orchestrated optimization of the Order Management application, reducing processing errors by 30% and enhancing user experience by 20%.
- Developed Wire Order Screen dashboard, resulting in a 25% reduction in processing time and 15% increase in user satisfaction.
- Established a robust library of reusable components, reducing development time by 40% and promoting code reusability.
- **Technology Used** : Angular14, React, HTML, CSS, Javascript, Typescript, Angular Material, Bootstrap, NodeJS, Jenkins.

BOSCH- Ministry of Tourism

Front-end Developer Sep 2022 - Sep 2023

- Led a digital initiative enhancing user experience, resulting in a 25% increase in online bookings and 20% rise in user engagement.
- Conceptualized and launched three e-services, revolutionizing the tourism landscape.
- Engineered vital administrative tools, including an admin page, dashboard, and summary page for the Ministry of Tourism (Saudi), resulting in a 40% reduction in administrative workload and a 25% improvement in user satisfaction.

Chevron-Market Dataplace

Full Stack Developer Apr 2022 - Jul 2022

- Spearheaded the development of Data MarketPlace, facilitating seamless transactions between data producers and consumers.
- Independently crafted and deployed the home page for the marketplace, featuring innovative design elements and enhanced functionality.
- Utilized a robust tech stack including Angular 13, C#, DotNET, SQL, JavaScript, TypeScript, HTML5, CSS3, Git, and Azure DevOps to drive the project's development and success.

Eka Analytic Platform

Front-end developer Sep 2021 - Mar 2022

- Developed an advanced analytical tool tailored for market and commodities analysis.
- Established a scalable and efficient reusable component architecture.
- Leveraged a diverse tech stack including Angular, JavaScript, TypeScript, HTML5, CSS3, Bootstrap, Git Bash, Node.js, Azure DevOps, and Azure Boards.

Western Union-Money Transfer App

Front-end developer Apr 2020 - Apr 2021

- Played a pivotal role in enhancing functionality and user experience for international money transfers.
- Led the implementation efforts for key features, contributing significantly to app innovation and user engagement.
- Employed a comprehensive tech stack including Angular, FIGMA, JavaScript, TypeScript, HTML5, CSS3, Bootstrap, Git Bash, JIRA, Node.js, Aptimise, Karma & Jasmine, Azure DevOps, Azure Boards, and Jenkins.

EDUCATION

B. Tech

Maulana Azad National Institute of Technology(MANIT), Bhopal Jun 2013 - Apr 2017

Scored 7.7 CGPA.

SENIOR SECONDARY

Success Higher Secondary School, Shamgarh(MP Board) Apr 2011 - Apr 2012

Scored 91.2%.

Higher Secondary

Govt. High Secondary School, Babulda (MP Board) Apr 2009 - Apr 2010

Scored 87.5%.
